COMP0142: Coursework

Prof. Lewis Griffin (l.griffin@ucl.ac.uk)

Overview

- **Assignment Hand-in Date: 1st April 2025 at 4.00pm**

- Weighting: 40% of module total

- Format: Python-based Jupyter Notebook

Guidelines

- Please complete the Notebook in the following zip file: `Assignment.zip`.

- Please follow the 'Guidelines' within the Notebook.

- You should submit the completed notebook as a `.ipynb` file via the module's **Moodle** page.

- There are a total of 150 marks available in the notebook.

- Note that not all questions carry equal marks.

- Please attempt to express your answers as succinctly as possible.

- Please note that if your answer to a question is incomprehensible to the marker then you will receive no marks for that question or sub-question.

- GenAI tools should not be used when completing this assignment. Thus this assignment falls with 'Category 1' of UCL's **'Using AI Tools in Assessment'** categorisation.

- Failure to adhere to any of the guidelines may result in question-specific deduction of marks. If warranted these deductions may be punitive.
